DOJ CONTRACTORS
NIGERIA LIMITED

Content

Our Mission

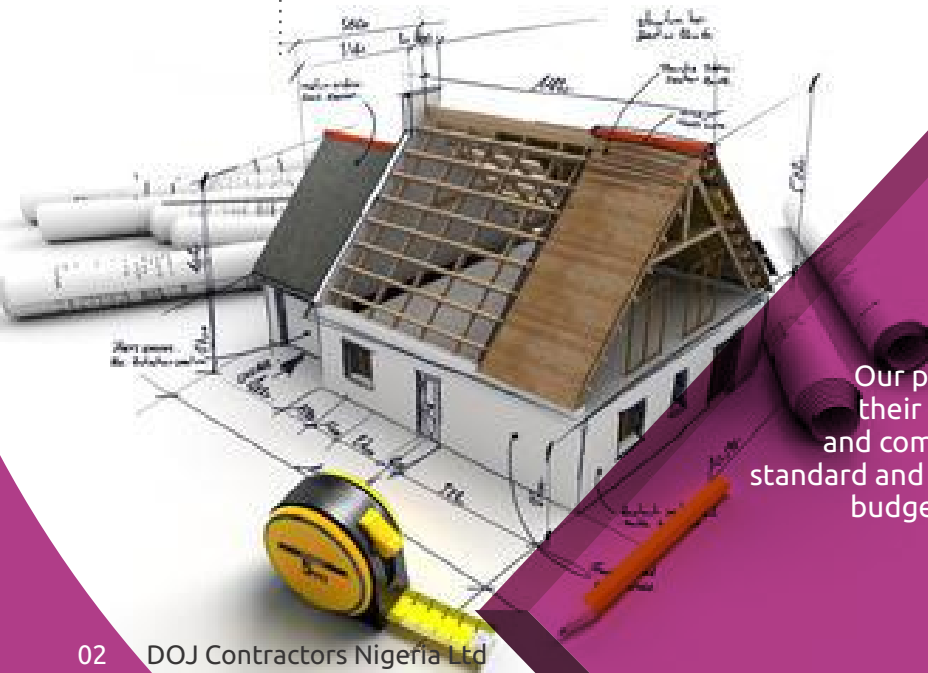

To become the best engineering construction service group in the world which aims to deliver top quality projects that meets or exceeds all ISO expectations thus ensuring complete client satisfaction and relationship.

Our Vision

To constitute a group of dynamically professional architects, engineers, and builders project managers and facility managers that are able to use the best in design and construction technology to achieve the most aesthetically pleasing buildings in the economic manner to beat our clients expectations.

Our Greatest Asset

Our people are our greatest assets; their dedication, expertise, passion and commitment to delivering unique standard and quality project on time within budget is the source of our success.

Company's Background

We are a group of Architects, Engineers, Quantity Surveyors and Builders that work together to form a Construction, Consulting and Facility Management Team. In most cases, we carry out Turnkey Projects, Projects Management Consulting, Architecture and Engineering Solutions for our Clientele.

DOJ Contractors Nigeria Limited is a privately owned duly registered company in Nigeria meant to execute works in the areas of building/civil engineering, road construction, irrigation, dam, jetty platforms, facility management as well as Mechanical, Electrical and Industrial Engineering Services, to mention but a few.

At **DOJ Contractors Nigeria Limited** we give a one stop shop for our clients. to achieve this, we use our group of seasoned urban Planners/Architects that carry out all planning to eliminate artificial bottlenecks that work against the smooth construction in most Nigerian Projects. We also have in-housen Structural Engineering and Engineering Services and Quantity Surveying team which help in reducing the time required to get the design phase of our project reduced compared to our counterpart in the industry.

To translate all planned works to reality is our well experienced team of builders, technologist, technicians, and skilled manpower. We do not deploy our equipment just to show the latest technology in use but to use for the purpose of achieving result. It is our ultimate wish to make you one of our clients so that you can feel excellence in construction, the way most likely, you have never felt it.

Board of Director

DOJ Contractors Nigeria Limited (DOJ) is a fully owned Nigerian company. The diversity in experience background of the directors is a strong virtue that reflects in the various arms of our professional services. These are:

Engr. Akinmolayemi Akindoju BEng, MPM; (Managing Director/CEO)

He has spent a little below one decade in Civil/Structural engineering consultancy, project management and Telecommunication Industry. He obtained a Bachelors of Engineering in Civil Engineering from University of Ado-Ekiti, Nigeria with a 2nd Class Honours (upper division) and a Masters of Project Management from the University of Lagos. His vast skills in Civil and Structural design elevated him to the position of an Senior Engineer in Sanni Ojo and Partners (SOP) and Head of Facilities & Real Estate of Airtel Networks Nigeria and eventually joining the Board of Directors of DOJ Contractors Nigeria Limited. He is a corporate member of the Nigerian Society of Engineers (NSE) and is COREN registered.

Engr. Hakeem Aderoju Majekodunmi Bsc, Msc (Director)

He has spent a little below two decades in Civil/Structural engineering consultancy and project management. He obtained a Bachelors of Science in Civil Engineering from University of Ibadan with a 2nd Class Honours (upper division). His vast skills in Civil and Structural design elevated him to the position of an Associate Partner in Sanni Ojo and Partners (SOP) before joining the Board of Directors of DOJ Contractors Nigeria Limited. He is a corporate member of the Nigerian Society of Engineers (NSE) and is COREN registered.

Health, Safety & Environment Policy

HSSE Commitment

DOJ contractors Nigeria Limited is committed to protecting the health and safety of everybody who plays a part in our operations, lives in the communities in which we operate or uses our services. Wherever we operate, we will conduct our business with respect and care for both the local and global environment and systematically manage risks to drive sustainable business growth. We will not be satisfied until we succeed in eliminating all injuries, occupational illnesses, unsafe practices and incidents of environmental harm from our activities.

HSSE Plan

To meet our commitment, DOJ contractors Nigeria Limited will:

- Demonstrate visible and active leadership that engages employees and service providers and manage health, safety and environmental (HSE) performance as a line responsibility with clear authorities and accountabilities.
- Ensure that all employees and contractors understand that working safely is a condition of employment, and that they are each responsible for their own safety and the safety of those around them.
- Manage all projects, products and processes through their life-cycles in a way that protects safety and health and minimizes impacts on the environment.
- Provide employees with the capabilities, knowledge and resources necessary to instill personal ownership and motivation to achieve HSE excellence.
- Provide relevant safety and health information to contractors and require them to provide proper training for the safe, environmentally sound

- performance of their work.
- Measure, audit and publicly report HSE performance and maintain open dialogue with stakeholder groups and with communities where we operate.
- Work with both governments and stakeholders where we operate to develop regulations and standards that improve the safety and health of people and the environment.
- Maintain a secure work environment to protect ourselves, our contractors and the company's assets from risks of injury, property loss or damage resulting from hostile acts.
- Communicate our commitment to this policy to our subsidiaries, affiliates, contractors and governments worldwide and seek their support.

Our Expectations

To meet these objectives, we employ an occupational safety and health management system that incorporates hazard recognition and risk evaluation and control, and we take an integrated approach to health and safety that includes non-occupational health and wellness programs.

We cannot meet our objectives without everyone's attention and involvement. We all need to be personally accountable for our safety and health and for the safety and well-being of those around us. This accountability begins with authentic leadership engagement. How we manage, the priorities we set and the behaviors we exhibit all serve as guides for where we set the bar on safety and health

Through implementation of this policy, DOJ contractors Nigeria Limited seeks to earn our Client's and Employee's trust and to be a champion in HSE performance across its entity.
